VOL. II. GLENDALE, LOS ANGELES COUNTY, CAL., SATURDAY, MAY 26, 1906. NO. 4

For Consolidation—Nit!

The following is taken from the South Pasadenan and the Downey Dispatch and is in line with the general expression of condemnation that is being voiced through the suburban districts of Los Adgeles.

From the Downey Dispatch of recent date we copy the following article, which seems to voice the opinion of a majority of the editors of weekly papers throughout Los Angeles county. And it does seem strange that in face of all opposition the work is going forward at the expense of the county taxpayers to the tune of two hundred dollars per month which the board of supervisors saw fit to turn over to the committee having the work in charge. And many are inquiring by what right the board of supervisors does this thing? Will there ever be an accounting of this money of the taxpayers so freely handed out to a committee to assist in accomplishing an object that is to say the least of doubtful benefit to the country precincts? Will it be handled by the ring of grafters whose work is so well known in the city? Is it today passing into the yawning and plethoric purses of these leeches who live by graft on city and county? Are the members of the board of supervisors getting a share of the swag either in cold cash or political promises of future preferment? There are a good many taxpayers outside of the city of Los Angeles who would be dee-lighted to have some of these questions and others answered before any more of their money is "blown in" through this work and scheme for bringing of waters of Owens river to our doors.

Few would object to the bringing of the waters here—possibly none. But there has been so much of outrageous graft in the city that country people are naturally and rightly suspicious of any movement that arises to use their money through channels that are at least so very close to that of the grafting element of the city. But here are the remarks of Brother Seay, of the Downey Dispatch, that we started ont to quote:

"It is alright for Los Angeles to aspire to and to be working for the 'Greater Los Angeles,' but it is all wrong when she says all of the smaller towns want to come into it, as is beiug done at present. All over the city may be found paid men with petitions telling the voters that all the ontside towns want to come in and all that is necessary is to have the petitions signed and turned in. They don't know what they are talking about, or if they do they don't talk about what they know. Very few, indeed, are the outlying towns who want to come in and help Los Angeles pay for the Owens river and other heavy debts, for which they would get no benefit. The 'Greater Los Angeles' scheme would benefit Los Angeles and Pasadena wo iderfully, but would be a robbery on towns to the east, south and west, and they will not submit to it without a struggle. A reason being given by these Los Angeles solicitors for 'Greater Los Angeles' is that all the towns could have a five cent fare. That is just a mere sham, and something beyond their power of promising. They work these sympathetic schemes to get the names. This underhanded business should be sat down on by the press and a demand for better treatment should be made. We don't want 'Greater Los Angeles' and should fight it. We have enough expense without paying for benefits of Los Angeles.

La Fiesta De Los Flores

Again has the "Calamity howler" been disappointed. We refer to those people who predicted the Fiesta would be a failure. The Fiesta was, in many respects, the finest ever held, and simply shows that Los Angeles and Southern California are prosperous and that this section never does thiugs by halves. Although there were only about one-fifth the number of Shriners present that were expected in the begining, still those who did come made up in enthusiasm what was lost in numbers.

The electrical display in connection with the floats, was the grandest sight ever witnessed in Los Angeles, and was commented upon by Eastern visitors as being the most gorgeous and beautiful they had ever beheld. And now that the Fiesta is over, the regular order of business will be resumed. Los Angeles will continue to erect sky-scrapers and Glendale will have a greater increase in cottages and business houses. More real estate will change hands and many new homes will be built and the population of Los Angeles and Southern California will increase more rapidly than ever.

City Trustees

As Wednesday was a holiday, and as City Clerk Woodberry was too ill to attend the meeting, the Board of Trustees deemed it best to not enact any ordinances or attempt to act in an official capacity.

The Board acted in an informal manner and discussed the matter of making an assessment of the city and Deputy Assessor Doyle was instructed to procure the necessary books, etc., and get information as to the quickest way of making the assessment, and it was the sense of the meeting that he proceed to do this work at the earliest date possible in order that the assessment may be completed before the expiration of time required by law to do the work. It was decided informally that a levy of 75 cents on the $100 valuation should be the rate for this year.

Other matters of general importance were discussed, after which the meeting adjourned to Wednesday evening next.

Birthday Anniversary

Birthdays come but once a year, and Mrs. Bryant reminded the Dr. the twenty-second, that his had arrived by giving a small dinner party in his honor.

The many beautiful boquets which were sent the Dr. made the office, parlor and dining room remind one of a flower show, their fragrance filling the rooms.

In the dining room covers were laid for fifteen guests. All went merrily until the birthday cake with its numerous candles appeared, and Dr. was obliged to cut it. His art at cutting may be alright at the operating table, but it does not serve him well at cutting cake. The chunks were of various sizes and shapes, but they were enjoyed nevertheless. The afternoon was pleasantly spent in music and stories. The guests at the happy anniversary were: Mr. and Mrs. Albert Dow, and daughter Harriet, Mr. A. B. Bryant, of Portland, Maine, Mr. O. C Bryant, of Los Angeles, Miss Cornwell, Mesdames Burkett, Smith and Goss, Mr. Howard Dow, of Boston and Mrs. A. W. Dow and daughter Dorothy, of Los Angeles.

Presbyterian May Social

The members of the Presbyterian church will give a May Social in I. O. O. F. hall, Tuesday evening, May 29. Proceeds to pay for the electric lights. Good program, ending with winding the May pole. After program, May basket lunches auctioned off. Ice cream will be on sale.

Library Notes.

The State Traveling Library, No. 37, has been returned to Sacramento and a new set of books will probably be open to the public on Monday from four to six o'clock, the regular hours.

Since last reported the following contributions have been received: Mrs. Goss, one year Ladies' Home Journal; F. F. Brasher, thirty-eight National Visitors; Miss Dow, three years each St. Nicholas and Youths' Companion; Mrs. Pitcher, one set E. A. Poe's poems, Roman Antiquities, Encyclopedia and other books and magazines; Charles Brown, St. Nicholas magazines; Mrs. Church, Little Folks; Rev. Mr. Norton, fifty cents, oranges and lemons; from a friend. 25. LIBRARY SECRETARY.

HIGH SCHOOL NOTES.

The students were given a holiday Tuesday on account of the Fiesta.

The members of the Sophomore class will see the "Mikado" at the Mason Saturday afternoon.

Ray Goode was unable to attend classes Monday because of injuries received in being run over by a "Man."

Miss Flood was the guest of her aunt in Los Angeles Monday and Tuesday.

The track meet has been indefinitely postponed because of rush of work incident to the close of school.

With the Presbyterians

At the Presbyterian church the morning topic will be the first of a series of sermons on the Book of the Revelation. The evening topic will be "The Coming of a Friend."

The quarterly meeting of the Missionary Society of the Presbyterian church will be held in the church on Friday evening, June 1st. The meeting will be addressed by Mrs. Whelan, who is the teacher of the Presbyterian Chinese Mission School in Los Angeles. She is a very attractive and interesting speaker and all, both young and old, should hear her.

Seeking Information

A representative of the government of New Zealand was in Tropico Monday and spent a half day with Dwight Griswold informing himself as to the methods used by Mr Griswold and The Berry Growers' Association in planting, growing, picking, shipping and marketing berries. This agent is in America for the purpose of procuring information that will be a help to his government in keeping pace with other countries in growing and marketing fruits and other of the island's products.

Mr. S. H. Bulkeley is visiting his brother and family, H. L. Bulkeley, on East Third street. He is very much pleased with Glendale, and considers it the prettiest spot in or near Los Angeles.

BURBANK.

Miss M. Head of Los Angeles was the guest of Miss E. Travis, Wednesday.

Miss Martha Gilmore of Los Angeles spent Sunday with Mrs. Thomas Story.

Mr. J. C. Oestergard and daughter Amy visited Mr. and Mrs. T. R. Curry of San Fernando, Sunday.

Services in the M. E. church May 27th: 11 a.m., union memorial service. Sermon by Rev. D. McCunn; 8 p.m., sermon by the pastor, topic, "The Demand of the Day;" 10 a.m., Sunday school; 7 p.m., Epworth League, D. S. Nickerson, leader.

The I. O. G. T. District Lodge will hold an all-day meeting in I. O. F. hall, Saturday, May 26th. An open meeting will be held in the evening to which the public are cordially invited. Captain Dutton, an able and interesting speaker, will deliver an address.

Through the kindness and courtesy of the board of trustees, the school children were given a holiday Tuesday in order that they might attend the Fiesta. Many took advantage of the opportunity and went in the early morning and remained until after the night parade.

Henry E. Luttge and wife, after an absence of two years, returned to Burbank Wednesday and think they will make Southern California their home in the future. They were living in Palo Alto at the time of the great earthquake and they feel that they do not care to remain in the vicinity any longer.

On Thursday a number of young people were entertained by Miss Emma Riddell, complimentary to Miss Dona Taylor, who will soon leave for North Dakota. A delightful evening was spent in music and games, after which refreshments were served. Those present: Mr. Webb, Misses Luttge, Riddell, Christa Brown, Dona Tayler, Elsie Ludlow, May Harris, Amy Oestergard, Nellie Harris, Lulu Werts, Ruth Pomeroy, Helen Marshall, Evalyn Wood, Alpha Thedaker, Clara Clark, Letha Kahl; Messrs. Earl Robinson, Reed Taylor, Will Hoist, Walter Smith, Raymond Swaim, Dewey Nickerson, Carl Kahl, Fred. Lehman, Porter Robison and Granville McClure.

On Thursday evening, Mrs. L. Craig delightfully entertained a number of her friends. Mrs. Craig expects to leave for Washington soon, and her entertainment was in the nature of a "good bye" party. Strawberries and cake were served. Those present were: Mr. and Mrs. Avery, Mr. and Mrs. Nickerson, Mr. and Mrs. F. Pomeroy, Mr. and Mrs. Cook, Mr. and Mrs. Dufur, Mr. and Mrs. Hogan, Mr. and Mrs. Bonner, Mr. and Mrs. Jones, Mrs. Randolph, Mrs. Story, Mrs. McClure, Rachel McClure, Daisy Cook, Lucile and Willie Nickerson, Chester, Luell and Guy Craig. On the following Monday Mrs. Craig entertained the Good Templars. The evening was spent in music and games. About thirty guests were present. Mrs. Craig was assisted in receiving by Mrs. Clark.

Mrs. Taylor leaves tonight for Santa Cruz and after attending the convention she will visit her sister, Mrs. M. C. MacLennan, of Berkeley. While absent, Mrs. Taylor will view the ruins of San Francisco.

F. P. Ensign, who has been conductor for the P. E. Ry on Fourth street for some time past, has accepted a position as salesman with Hezmalhalch & Talbott. Mr. Ensign is a clever gentleman and has made many friends by his courteous treatment of the public while in the employ of the railroad company, and he will be pleased to meet his friends at his new location.

D. A. Talbott, of Sycamore Canyon received on Wednesday a medal for fruit which he exhibited at the Lewis and Clark Exposition at Portland. This medal is only a just recognition of a most deserving man and of a product of a fruit growing section that cannot be beaten in the whole world. The fruit was raised on Mr. Talbott's place in Sycamore Canyon.

C. N. Whitaker, formerly of Hollywood Sentinel has bought the El Monte Gazette and now that town, which has slept so long for need of a master hand at the helm, is sure to grow and become a place of importance. Brother Whitaker can be depended upon to give El Monte an up-to-date newspaper and there's no question but he'll make a success in a business way and if the citizens of El Monte are wise they'll show their appreciation of a good thing by giving the Gazette a liberal patronage without waiting to see if the thing's going to be a success, for Whitaker is made of the stuff that succeeds against all opposition. El Monte is to be congratulated

Engagement Announced

Of interest to a host of friends is the engagement of Miss Nora Brown, daughter of Mr. and Mrs. Brown of San Fernando Road, and Mr. Everett Hawthorn, of Santa Barbara.

For several months it has been surmised by the intimate friends of this charming yonng lady, that before many moons she also would succumb to the well directed darts of "cupid," and it was not an entire surprise when Mr. Hawthorn appeared upon the scene to carry off the woman of his heart.

Miss Brown is a young lady who is honored and esteemed by her many friends and during her stay of several years in Tropico she has become very much attached to this place and the people residing here. She was formerly a student of the Los Angeles Business College.

Mr. Hawthorn is a young man of sterling character and is highly esteemed by all who are of his acquaintance. He is a foreman of one of the large mines close to Santa Barbara.

The happy couple will be married at Santa Barbara and will make their home at that place.

Tropico Party

Miss Lucie Bettannier very pleasantly entertained a company of her most intimate friends at her home on Cypress avenue Saturday evening last.

A novel feature about this gathering was that the young ladies were invited and were requesetd to ask a boy friend to accompany her.

Some of the boys of the crowd were not counted in, so, jnst to get even they gathered at the home of Jay Rice and enjoyed a "stag."

Those gathering at Miss Bettannier's home spent a very enjoyable evening in games and music. Late in the evening refreshments were served. Those present were: Misses Blanch Davenport, Gertie Bond, May Cornwall, Evalena Ayers Ruby Borthick and Lucie Bettannier; Messrs Earl Bond, Guy Welton, Will Fanset, Guy Maxwell, Ed Ayers Jr. and Eugene Bettannier.

Among the Hills

Come leave the city's toil and din
To spend a day among the hills.
There song of bird and scent of bloom
The weary heart with rapture fills.

Where lupin rears its purple flame,
And fields the gold of poppies show,
Above the rise of emerald hills
Old Baldy lifts a crest of snow.

With eye alert and brush trailed low,
Up o'er the bank a squirrel runs—
A bank where clustered violets blow
Kissed into gold by May-time suns.

From hedgerows green a burst of song
Thrills the soft air, like a chime of bells.
Amid sweet alder's creamy bloom
A mocking bird his rapture tells.

Beyond the farthest line of hills
Sierra Madre mountains stand;
Each dusky fold and rugged peak
Doth seeming guard the flowery land.

Tropico Couple Disappointed

SANTA ANA, May 19.—A Tropico couple desiring a marriage license were refused it this morning by the County Clerk. The two young people failed to demonstrate to his satisfaction that they were old enough to wed.

The couple were Landon Szynanski and Miss Blanche Wilson. Accompanied by another young couple they entered the office and when they asked for a license did so with considerable haste.

One of the young men said he was well known to a man by the name of Appel, who lived near Orange, and would have him come and vouch for them. He went away and after an absence of about an hour returned with a letter which he claimed was written by his friend, who was too busy to come to the courthouse.

As the entire matter was so suspicious the clerk again refused to give them a license, and in answer to his inquiries as to who they were or where they come from the men declined to give any information.

It was stated at Tropico this evening that the couple were old enough to wed and that their coming to Santa Ana was not in the nature of an elopement. Both bear a good reputatton in that community and their failure to secure a license here today seems to have been simply an unfortunate case of being unable to furnish the required proof to the County Clerk.—Los Angeles Times.

Tropico Club

One of the charming social events of the past week was the entertainment of the Tropico Club Thursday afternoon by Mrs. A. W. Hough at her home on Central Ave. The topic of the afternoon was "Tennyson." The Club members responding with a popular quotation from the poems of this poet. Mrs. A. O. Conrad read a very interesting biographical sketch af Tennyson and Mrs. Harriet Brewster gave a reading of one of his popular shorter poems. At the close of the program a strawberry luncheon was served.

Mrs. Morris Schick and Mrs. R. C. Sibley were guests of the club.

Unity Lodge A. F. & A. M. Represented

Eleven members of Unity Lodge of Free Masons who are Shriners participated in the electrical parade Monday evening in Los Angeles.

The nobles who donned their full dress suits and red frezes, and preceded by a brass band aided in rendering this event one of hisiorical importance were: Nobles George Moyse, David Imler, Frank Albright, Daniel Campbell, David Hackman, Hartley Taylor, Daniel McNiven, John Hobbs, Ezra Parker, Arthur Campbell and Edward Merritt.

Will Observe Memorial Sunday

Memorial Sunday will be observed appropriately by N. P. Banks Post and Relief Corps and all loyal and patriotic citizens of the valley at G. A. R. Hall Sunday afternoon.

The executive committee of the Post and Corps have arranged a most interesting program. The exercises will begin promptly at 3 o'clock.

A cordial invitation is extended to all to be present.

Position of the County Press Association

As there has been some inquiry and a few misstatements concerning the purposes of the Los Angeles County Weekly Country Press Association, at the last meeting of that organization held in Los Angeles on Saturday, May 19th, a committee was appointed to prepare a statement for publication in each paper which appears herewith:

The Los Angeles County Weekly Country Press Association was organized in March, 1905, for the advancement of the business and social interests of the country publishers and the welfare of the communities they represent. Including also the enforcement of law and order and faithful, honest service on the part of public servants. The Association will urge the support only of those candidates for office whose records demonstrate beyond question their fitness for the same. And who will place themselves unqualifiedly on record to support such measures as will redound to the interest of the taxpayers of Los Angeles County. The Association will endeavor to aid in the nomination and election of GOOD MEN ONLY to every office. In public affairs and especially local matters, the Association will consider public interest above politics.

Being now harmonized into one body and having for its mission not only the good of the publishers, but the greatest good to the greatest number, this Association will, as a solid body, exert its influence and it asks the support of all citizens and taxpayers of Los Angeles county who believe in bringing about this happy condition of affairs. The papers in this Association represent every community in Los Angeles county, enter about 20,000 homes weekly and are read by more than that number of inteligent voters in this county.

We hopefully believe, therefore, that the united effort of the papers of this Association will exert a strong influence in cemen ing public opinion for good government. With the presentation of these principles, the following-named newspaper members of the Association appeal to their constituents:

ORDINANCE NO. 13.

AN ORDINANCE REGULATING STREET WORK BY PRIVATE CONTRACT WITHIN THE CITY OF GLENDALE.

The Board of Trustees of the City of Glendale do ordain as follows:

Section 1: Every person, before commencing the construction of any sidewalk, gutter, curb, cross-walk or other street work, on any public street, lane, alley, thoroughfare or public place within the City of Glendale, except where said work is to be done under a public contract for the same, shall make application to the Board of Trustees of said City for a permit to do such work. The application for said permit shall be made on a printed form to be supplied by the City Clerk of the City of Glendale, and shall specify the place where the improvement is to be made, the nature of the improvement, the time within which such work is to commence and when the same shall be completed and finished, and shall contain a statement that said work will be done under the supervision of the Street Superintendent of said City, and to his satisfaction within the time specified, in accordance with the City specifications for work of that class, referring to the same by number, and on lines and grades to be given by the City Engineer or other engineer that may be designated by the Board of Trustees to do such work, a statement of the total contract price for said work if the same is known at the time of making said application, and if not, an estimate of the total cost thereof.

Said application shall be accompanied by a bond to the City of Glendale in an amount equal to 25 per cent. of the contract price or estimated cost of said work, executed by the applicant for said permit as principal and with two good and sufficient sureties, conditioned for the faithful performance of said work mentioned in said application, in accordance with the terms stated in said application and with the specifications referred to therein for such work.

Said bond shall, also, by its terms, be made to inure to the benefit of the owners of the property abutting on the street, where such street work is to be done.

Section 2: If such application be for a permit to construct a curb or sidewalk, the applicant, at the time of filing the same, shall deposit with the City Clerk a sum of money sufficient to pay for the engineering work that will be required in the performance of such street work, at the following rate:

Five ($5.00) dollars for each 250 lineal feet, or fraction thereof, of sidewalk or curb proposed to be constructed, and two (2c.) cents for each additional lineal foot up to 500 feet in all, and one (1c.) cent for each additional lineal foot over the first 500 feet. But where a sidewalk and curb are to be constructed at the same time and place only one charge for engineering work shall be made, unless such sidewalk and curb are required by the person constructing the same to be laid out independently of each other by separate engineering work done at different times.

If such application be for a permit for street work other than for the construction of a sidewalk or curb, the applicant shall, if such application be granted, before commencing work thereunder, deposit with the City Clerk a sum of money sufficient to pay the engineering work that will be required in the performance of such street work at the same rates as are paid to the City Engineer for like services.

Section 3: It shall be unlawful for any person to construct or begin the construction in the City of Glendale of any sidewalk, gutter, curb, cross-walk or other street work of any public street, lane, alley, thoroughfare or public place without having first obtained a permit from the Board of Trustees of the City of Glendale herein provided for.

Section 4: It shall be unlawful for any person to do any street work in the City of Glendale without first obtaining the lines and grades therefor from the City Engineer of said City or from such other engineer as may be designated by the Board of Trustees to do such work.

Section 5: It shall be unlawful for any person to do any street work within the City of Glendale, except at the place, and on the line and grade given therefor by the City Engineer, or other engineer designated to do said work by the Board of Trustees.

Any improvement constructed by any person upon any public street, lane, alley, thoroughfare or public place, within the City of Glendale, upon which the official grade shall have not been established at the time of such construction, shall be subject to change by the Board of Trustees of the City of Glendale to conform to any grade thereafter established.

Section 6: Any person who shall violate any of the provisions of this ordinance shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be punished by a fine not exceeding $100.00, or by imprisonment in the County jail of the County of Los Angeles for a period not exceeding fifty days, or by both such fine and imprisonment.

Section 7: The City Clerk shall certify to the passage of this ordinance and shall cause the same to be published once in THE GLENDALE NEWS, a weekly newspaper of general circulation, published and circulated within said City of Glendale, and thereupon and thereafter the same shall be in full force and effect.

Adopted this 18th day of May, 1906.

WILMOT PARCHER,
President of the Board of Trustees of the City of Glendale.

Glendale Property Sales Enliven Market

The past week has witnessed remarkable activity in Glendale, and despite some slackness of the market elsewhere, numerous sales have been made all through this district.

The building of the Brand Boulevard, now approaching completion, and the other imbrovements planned by the Huntington-Brand interests are bearing fruit. The rapid transportation and excellent facilities for reaching the main part of the city, combine to make Glendale particularly attractive.

A number of first-class residences have been recently started along the electric line and many more are contemplated. Work on these will be started in the near future and it is only a question of months when Glendale will rank with Hollywood in the number of beautifnl homes.

The sale of lots in Glendale Place, the choice tract of the Pioneer Investment and Trust Co. still keeps pace. The final work on the streets is now being completed and a number of houses will be started in the next few weeks. This tract occupies a commanding site on the mesa overlooking the whole San Fernando valley.

Over three-fourths of the lots have been sold and the company expects the final lot will be sold inside of thirty days.—Los Angeles Examiner.

The Sunset Telephone Co. has secnred quarters in the Watson Block, corner Fourth street and Glendale avenue, and a central office is to be maintained here just as soon as the switchboard can be put in and the other office arrangements made.

GLENDALE

To a person accustomed to and appreciating the advantages of the city, but who prefers a life in the country for considerations of health, pleasure or profit, the ideal location for a home is found in a pleasant country neighborhood within a few minutes' ride of the city.

This close association of city and country gives to property in the suburbs of a large and rapidly growing city a value which is difficult to estimate in dollars and cents. It is a consideration which appeals forcibly alike to the home-seeker who is fortunately above tne necessity of taking into account the question of a financially profitable investment; to the tiller of the soil, who must necessarily figure upon the associated ideas of a productive soil, favorable climatic conditions, and a near-by market; and finally to the investor looking with speculative eye upon the promise made by a particular locality in regard to the probable increase of values in the near future.

To all of the above classes, GLENDALE appeals with peculiar force given by its unique merits and varied attractions. In an air line it is six miles from the business center of Los Angeles, and about three miles from the northern boundary of that city.

RAILROADS

The Glendale branch of the Salt Lake Railroad Compauy, starting from its depot on First street, passes through East Los Angeles, along the base of the low hills on the northern limits of the city paralleling the line of the Southern Pacific road until it reaches Glendale avenue at its junction with the San Fernando road, where it proceeds northward through Glendale to its present terminns, Verdugo Park.

The Huntington Electric Railway system has recently completed a double-track line connecting Los Angeies and Glendale, first class in its construction, equipment and service, following a route which for scenic beauty is probably unequalled by any ride of similar length in Southern California.

Relics of Ancient Civilization are Unearthed

On the ranch of H. W. Hunt, a few miles south of San Fernando, have been found twenty-one burned clay bowls, indicating a highly intelligent race of people ages ago. A ridge or mound runs diagonally across the place and it was in this mound, while preparing the soil for setting out orange trees, that the discovery was made. From time to time old Indian relics have been unearthed in the immediate vicinity, but this latest find bears the appearance of greater antiquity than any of the former discoveries.

The ancient Aztecs, who are supposed to have been the makers, knew nothing of glazing, but they reached a high degree of skill in the moulding of clay. On the edges of most of the bowls is a beadwork of small shells, now mostly broken or worn away, and in the interior of some may be found traces of the same kind of decoration.

When found the relics were laid carefully away, one within the other, as though great care had been taken to prevent their being broken. It is thought these bowls were used in religious ceremonies and held sacred. It is believed that on the eve of some great conflict the priest buried the sacred bowls, intending to return for them when all danger had passed. Then the enemy swept down, destroyed the villiage and left not one person alive who knew the burial place.

The attention of eminent archaeological authorities has been called to the discovery. The bowls are from twelve to nineteen inches in diameter and from six to nine inches in depth, and weigh from fifty to one hundred pounds each.—Los Angeles Examiner.
